

Neurodiversity Support Services

Carfi partners with organisations to build neuro-inclusive workplaces that support the success and wellbeing of neurodiverse employees. Through practical, evidence-informed support, we work with individuals, leaders and teams to enhance workplace effectiveness, strengthen psychological safety, reduce barriers to participation, and support sustainable success at work.

WHY ORGANISATIONS CHOOSE CARFI

- **Neurodiversity-Affirming** - We recognise and value natural differences in how people think, process and work.
- **Workplace Focused** - Support addresses role design, communication, sensory load, workplace demands and team practices.
- **Practical & Collaborative** - Strategies and adjustments are co-designed to be usable, sustainable and aligned with the role.

Carfi

SERVICES

Carfi's services can help organisations build neuro-inclusive workplaces by enhancing neurodiversity awareness, workplace effectiveness and accessibility through tailored coaching, specialised training and practical workplace adjustment support.

- **Individual Coaching**
- **Specialised Training**
- **Reasonable Adjustments**
